

Catalog Worksheet for USDA Foods

School Year 2020-21

1. This worksheet shows the Processing products available and the estimated per pound entitlement cost of each product.
2. If you view the spreadsheet in Excel, you can enter the number of cases you would like to order in the pounds needed column. The sheet will automatically tally the total entitlement cost in the green box at the bottom. Your preliminary entitlement report for 2020-21 is available in WBSM.
3. USDA Foods fact sheets are available on the web at <https://www.fns.usda.gov/resources>

Products in Blue need to be ordered by cases not pounds. Divide the number of pounds needed by the pounds in a case to get case total.				
Entitlement cost and cases will self total. The total cost of your order will appear in the green box at the bottom.
